

**Update On:**  
**Language Learning Project:  
Strategies for Supporting  
Dual Language Learners Birth to 5**

**Language Learning Project  
Online Leadership Orientation**

Due to the concerns regarding Coronavirus COVID-19, the Language Learning Project Leadership Orientations originally planned for in-person meetings will now be delivered online.

The Leadership Orientation is designed to disseminate a Dual Language Learner Toolkit to agencies and communities across California providing guidance on serving young Dual Language Learners and their families.

The toolkit is based on the innovative practices— including Personalized Oral Language(s) Learning (POLL) strategies, which are concrete approaches that support learning in all environments for children birth to five years of age. The toolkit was developed by early childhood experts, including Dr. Linda Espinosa, Dr. Sue Bredekemp, Dr. Carola Oliva -Olson, Elizabeth Magruder, and Whitcomb Hayslip.

For further information on the project, please email Lupe Jaime-Mileham at [ljaime@fcoe.org](mailto:ljaime@fcoe.org) or Maria Ceballos at [Maria.CeballosTapia@fresnounified.org](mailto:Maria.CeballosTapia@fresnounified.org)
