

California's Department of Public Health, Department of Social Services and Cal/OHSA Release
COVID-19 UPDATED GUIDANCE: Child Care Programs and Providers

On June 5, 2020, the California Department of Public Health, California Department of Social Services and Cal/OSHA released guidance for child care programs and providers. The guidelines are based on the available data that currently exists and will be updated as new data and practices emerge.

The guidelines include guidance and recommendations in the following areas:

- Planning
- Cleaning
- Hygiene
- Arrival Procedures
- Health Screenings
- Coronavirus Symptoms
- Group Size and Staffing
- Classroom Space/Physical Distancing
- Meal Times

The document also includes links to resources for childcare centers and providers.

The full guidance document can be found [here](#).
