

CDE Update: Online Reporting through the Child Development Provider Accounting Reporting Information System (CPARIS)

As of August 2020, all California State Preschool (CSPP), General Childcare (CCTR), and Migrant Childcare (CMIG) Contractors are instructed to report their monthly or quarterly Attendance and Fiscal Reports online through the Child Development Provider Accounting Reporting Information System (CPARIS), rather than through postal mail, as they were submitted previously.

Contractors holding a Health and Safety Training Activities (CHST), Childcare Initiative Project (CCIP), Local Childcare and Development Planning Council (CLPC), and Pre-Kindergarten Family Literacy Support (CPKS) contract will now report their expenditure data to Child Development and Nutrition Fiscal Services (CDNFS) via CPARIS. Therefore, as of October 2020, the following report types are now live in CPARIS:

CCTR (9500)
CSPP (8501)
CMIG (9500)
CHST (9529)
CCIP (9529)
CLPC (9529)
CPKS (9529)

Contractors who have submitted one of the above reports for FY 2020-21 September Quarter Report via hard copy **must resubmit their report via CPARIS by Monday, October 26, 2020.**

The User Manual for CPARIS can be found at:

<https://www.cde.ca.gov/fg/aa/cd/documents/cparisusermanual.docx>.

Programs for Children with Severe Disabilities (CHAN), Resource and Referral Program (CRRP), and Migrant Special Services (CMSS) contracts are still required to submit their reports via hard copy. These programs will be integrated into CPARIS at a future date.

Contractors are always welcome to contact their assigned Fiscal Analysts for any additional questions they may have and can find contact details in the [Fiscal Analyst Directory](#).
